Thessaloniki, 13th October 2015

Dear Sirs,

We are pleased to inform you that Minimal invasive Extracorporeal Technologies International Society (MiECTiS) will hold the **2nd Minimal invasive Extracorporeal Technologies (2nd MiECT) Symposium in Athens, from 9th to 11th June 2016 at MEGARON Athens Conference Centre, Greece.**

MiECTiS is an Association of Cardiac Surgeons, Cardiac Anaesthesiologists, Clinical Perfusionists and other scientists involved with minimal extracorporeal circulation.

Among the main goals of MiECTiS are the development of cardiac surgery worldwide, the promotion of minimal invasive extracorporeal circulation technology and the exchange of experiences and professional opinions with other related national or international health care professionals.

The 2nd MiECT Symposium next June is expected to attract the interest of many participants as well as to initiate cooperations with other scientific societies. It is worth mentioned that the high scientific level of the faculty, the MEGARON Athens Conference Centre facilities and the city of Athens itself guarantee the achievement of these goals.

On behalf of the Organizing Committee it is our pleasure to invite you to contribute to the success of this scientific event via sponsorship. A detailed sponsorship proposal is listed below.

Looking forward to your reply.

Yours sincerely,

Stathis Parcharidis
CEO
Inventics S.A.
